SUBJECT: AWARD NOTICE OF NEW VENDOR FOR THE STATE CREDIT CARD

I am pleased to announce that JPMorgan Chase has been awarded the statewide contract for the SuperCard Program. We will be transitioning to the new program over the next several months.

JPMorgan Chase is the nation's largest purchasing card issuer (Nilson Report 2006). I am confident the new program will expand upon our current success, by increasing the State's efficiency and effectiveness and by maintaining the Delaware SuperCard as a best-in-class government program.

An accounting memorandum will be forthcoming with information about training and other transitional issues as we move forward with the implementation of the JPMorgan Chase program.

If you have any questions about the new contract, please contact Greg Martin at 302-672-5507.
